## Discover HÜG

Highland Square Universal Gathering Place, or HÜG, is an inclusive cultural arts events center.

HÜG is the renaissance of one of Akron's most notable buildings—the temple on Merriman—located in the vibrant artistic Highland Square neighborhood. Above the entrance, a stone inscription reads:

**“Love thy neighbor.”** This spirit of peace, compassion, and unity continues to inspire the atmosphere of HÜG as a gathering place for all.

*“See how good and pleasant it is for the kindred to gather together in unity”*

- Psalm 133

The HÜG Event Space has several areas to explore. With three levels and an outdoor space, there is room for everyone!
